## INTRODUCTION

Thursday 8<sup>th</sup> October, 2020 signalled the beginning of the official start of General Elections in St. Vincent and the Grenadines. It was on that day the Hon. Prime Minister, Dr. the Honourable Ralph E. Gonsalves, at a virtual meeting of his Unity Labour Party, announced that he had advised the Governor General to dissolve Parliament on Friday 9<sup>th</sup> October, 2020. At that same meeting, he also announced the dates for Nomination Day and General Elections as 20<sup>th</sup> October, 2020 and 5<sup>th</sup> November, 2020 respectively.

- (i) At the conclusion of Nomination, on 20<sup>th</sup> October, 2020, three (3) Political Parties and one independent candidate, listed below, had registered their interest to contest the polls. The Unity Labour Party (ULP) led by Dr. The Honourable Ralph E. Gonsalves
- (ii) The New Democratic Party (NDP) led by Dr. Honourable Godwin Friday
- (iii) The SVG Green Party (GP) led by Mr. Ivan O’Neal, and
- (iv) Independent candidate: Mr. Osordo E. Bennett

The ULP and the NDP both presented a slate of fifteen (15) candidates, to contest in the fifteen (15) constituencies, whilst the GP presented two (2) candidates to contest for the North Central Windward and the East St. George constituencies. The independent candidate contested the South Leeward election. A total of thirty three (33) candidates contested the 2020 General Elections.

Mrs. Anesia O. Baptiste, leader of the Democratic Republican Party (DRP) which participated in the 2015 General Elections informed the Supervisor of Elections, through a Resignation Announcement dated 9<sup>th</sup> October, 2020, of her decision to resign from her job as the party’s political leader and further, not to participate in the 2020 General Elections. The Supervisor thanked her for her contribution to the nation in her capacity as leader of the Democratic Republican Party and wishes her every success for the future.

At the conclusion of the General Elections, the Unity Labour Party was victorious, winning nine (9) seats, while the New Democratic Party won six (6) seats. The breakdown of the results is reflected in Appendix 1

The Electoral Office conducted the elections, according to the Representation of the People Act No. 7 of 1982. The Office is convinced that the entire process was done in accordance to this Act.

## PRE-ELECTION ACTIVITIES

The Pre-Election period was focused on registration/re-registration and education of the Electorates. Registration/re-registration is a continuous process which is conducted twice per week in all constituencies. The Re-registration process intensified after the launch of the Voters' Education Programme in April, 2019. The present National Identification Card, which went into circulation in June 2009, and, which had a useful life of ten (10) years, was due to expire in 2019. A total of thirteen thousand, nine hundred and fifty-two (13,952) Identification Cards were due to expire by 31<sup>st</sup> December, 2019. The Voters' Education Programme was therefore designed to educate electorates about the importance of their Identification Cards and the need to have them updated. It also provided valuable information as to their responsibilities as voters.

With the support of Registration Officers, community meetings were held throughout the country. The information shared at these meetings was complimented with additional information shared through radio and television programs, the Government and Electoral Office websites, telephone blasts and leaflets.

The Voters' Education Programme was supported by a dedicated alliance of partners. These partners (*see acknowledgement i*) invested time, personnel, transportation, technical assistance and other resources which facilitated the success of the programme and the General Elections on a whole. The partnerships developed with these institutions continued as we endeavour to strengthen the work of the Electoral Office and provide greater visibility to the Vincentian people. The Supervisor of Elections and Electoral Staff is eternally grateful for their valued partnership.

During this pre-election period the Electoral staff also prepared for the General Elections.

The voters list was consistently updated through the continuous registration/re-registration process and the removal of persons who were deceased from the list. A quarterly list was also prepared and distributed to political parties and Registration Officers. These lists were also posted on the Electoral Office's Website. The Information Technology Service Department (ITSD) of the Ministry of Finance must be credited for their technical support in the development and maintenance of the website.

The existing list of Polling Stations was reviewed. These sites were visited and their availability for use confirmed. With BRAGSA's support, many of these buildings were repaired and retrofitted. Ramps were erected to provide greater access especially for the physically challenged.

The number of Polling Stations were increased by four (4), from two hundred and thirty one (231) in 2015, to two hundred and thirty five (235). The increases were North Windward – Polling station D1, Central Kingstown – Polling Station A3, and West Kingstown – Polling stations – H2 and I2. These were added to cater for the large number of voters in these Polling Divisions.

A cadre of persons were selected and trained to manage these stations. The Fifteen (15) Returning Officers were appointed by the Governor General. They in turn conducted training exercises with persons within their constituencies in an effort to staff the polling stations.

As a consequence of the Coronavirus Pandemic, additional staff was recruited and trained to provide health-related services. These recruits ensured that voters were able to exercise their franchise in a safe, healthy environment.

Further to the addition of staff, the Health Services Committee of the National Emergency Management Organization (NEMO) drafted COVID-19 Health Protocols to be implemented during the conduct of the General Elections. In addition to these protocols, The House of Assembly Election (Amendment) Rules, 2020 were introduced to cater for voters who were exempted from quarantine under the Public Health Order. These documents are attached in (Appendix 47 - 63)

The Royal St. Vincent and the Grenadines Police Force provided security throughout the entire Elections period. Their presence was a great contributor to the peaceful environment within which the Election exercise was conducted.

A Media Team was also installed. This team was led by the National Broadcasting Corporation (NBC). Its mandate was to receive, and broadcast the Election results. Tremendous work was done by the team's co-ordinator to recruit and manage the various agencies and to ensure that the quality and efficacy of the dissemination of the results were of a very high standard.

Stakeholder meetings continued quarterly. However, during the election period, there was increased engagements so as to update stakeholders on issues related to preparations, implementation matters and address any other issues that were raised.

Meetings were also held with the National Monitoring and Consultative Mechanism (NMCM). These meetings focused on clarifying and understanding of issues that were directly related to the general preparations for the General Elections and also to address questions and concerns raised by stakeholders.

The Supervisor of Elections is grateful to all who made that sacrificial contribution to ensure that the entire Elections exercise was safe and successful.

## SPECIAL VOTERS' REGISTRATION

On Friday 09<sup>th</sup> October, 2020 the Governor General declared a fifteen (15) days Special Voters' Registration period. The period began on Saturday 10<sup>th</sup> October, 2020 and concluded on Saturday 24<sup>th</sup> October, 2020.

The fifteen (15) days registration period was intense. While it provided the opportunity for first time registrants who became eligible within this specific period to be registered, many electors who had not previously updated their registration used the opportunity to re-register. At the end of the period a total of 3,194 Electors were registered/re-registered.

## ELECTION DAY

On Election Day, all but one of the two hundred and thirty-five (235) Polling Stations opened on time at 7:00 a.m. While the voters at that Polling Station were delayed, they were not disenfranchised in anyway. The Supervisor of Elections thanked all parties involved for their patience and understanding.

Each Polling Station had its full complement of staff. The staff included a Presiding Officer, one or two Poll Clerks, a security and one of two sanitizers. Agents of each candidate contesting in that constituency were also present. Additionally, Polling Divisions that housed three (3) or more Polling Stations were assigned Marshalls.

These Marshalls worked on the outside as guides to ensure voters were queued correctly. The Polling Stations staff was supervised by a Returning Officer and one or more Election Clerks.

Voters turned-up early at the polls. The flow of voters was consistent and heavy up to about midday. During this period, lines were long at many of the Polling Stations. The voters were patient, peaceful and quite compliant with the instruction of the Polling Staff.

The Polls closed at 5:00 p.m. However, persons who were eligible under the House of Assembly Election (Amendment) Rules were accommodated between 5:00 p.m. and 5:30 p.m.

## POST ELECTION ACTIVITIES

The final count was conducted in all constituencies on Thursday 6<sup>th</sup> November, 2020. The day began at 8:00 a.m. and continued until every ballot contained in all ballot boxes was counted.

The Returning Officers, charged with the responsibility as outlined in the Representations of the People Act (RPA) to conduct this exercise, proceeded to count, first, all valid votes awarded to the various candidates and second, all votes that were categorized as rejected during the Preliminary Count. The final count was witnessed by candidates, their representatives and local and regional observers.

The Supervisor of Elections observed the final count in North Leeward and North Windward while the Deputy Supervisor of Elections observed in North Leeward. The preliminary results in North leeward showed that Mr. Carlos James received, two thousand, two hundred and eighty seven (2,287) votes while Mr. Roland Matthews received two thousand, two hundred and eighty a difference of seven (7) votes. Additionally, there were thirteen (13) Rejects. At the end of the final count on Friday 7<sup>th</sup> November, 2020, Mr. Carlos James received two thousand, two hundred and seventy one (2271) votes to Mr Roland Matthews two thousand, two hundred and seventy (2,270). Thirty nine (39) Rejects were recorded. The completion of the day's exercises varied throughout the various constituencies.

At the end of the final count the result remained consistent with that of the preliminary count. The Unity Labour Party had won nine (9) seats to the New Democratic Party six (6) seats. It must also be highlighted that although the New Democratic Party gained only six (6) seats, they won the majority of the popular votes: thirty two thousand, nine hundred (32,900) or 50.09% to the Unity Labour Party thirty two thousand, four hundred and nineteen (32,419) or 49.35% a margin of four hundred and eighty one votes (481) or 1.01%. The Green Party received thirty three (33) votes or 0.05% while the Independent received sixteen (16) votes or 0.02%. A total of three hundred and nineteen (319) votes or 0.49 % were rejected.

At the conclusion of the final count all Writs of Election were received from the Returning Officers. The Supervisor of Elections subsequently presented the fifteen (15) Certificates of

Endorsement to Her Excellency the Governor General. Following are the results of the 5<sup>th</sup> November, 2020 General Elections.

## CONCLUSION

The 2020 General Elections has concluded. There was once again an opportunity to test the election machinery and more broadly the nation's democracy. Both remained strong. As a consequence, free and fair elections were conducted and the results reflected the will of the Vincentian populace.

While the General Elections were successful it was not without its challenges. The miscommunication chiefly through social media must be single out because of its negative impact. The use of electronic devices at and in the Polling station must also be addressed as it threatens the secrecy of the ballot and facilitated Election Day campaign. Although, great effort was made especially through the Voters' Education Programme to educate the public on the entire electoral process and the activities on Election Day, some persons preferred to stay misinformed. Notwithstanding, the support for the programme was tremendous.

Additionally, the experiences gained through the exercise must serve to guide the election machinery's audit so as to ensure that it stays relevant. Hence, a comprehensive review of the Representation of the People Act No. 7 of 1982 is recommended. The areas identified by the former Supervisor of Elections are further endorsed for review. **(See list below)**

The Supervisor of Elections is truly grateful to the entire electoral staff and the election officials who gave sacrificial national service to ensure safe and successful General Elections. The Vincentian electorates must also be commended for their involvement and the role they played to uphold democracy.

### **The following list was adopted and endorsed from the 2015 Election Report**

# 1. Background

Pandemic outbreaks such as COVID-19 have the potential to destabilize and disrupt health systems and may have a profound effect on all aspects of a country's economy and the mental and physical health of the population.

On March 11<sup>th</sup> 2020, the World Health Organization (WHO) declared COVID-19 to be a Pandemic and as at October 25, 2020, there were 42,916,971 confirmed cases with 152,770 deaths across 213 countries (WHO Situational Report).

In St. Vincent and the Grenadines, the first case of COVID-19 was confirmed on March 11<sup>th</sup>, 2020 and as at October 25, 2020, there were seventy-three (73) positive cases, zero (0) deaths, with six thousand, six hundred and fifteen (6615) persons tested by RT-PCR. Additionally, more than four thousand (4000) persons throughout St. Vincent and the Grenadines have been screened for exposure to COVID-19, with no evidence of any exposure found.

The key objectives of this protocol are to educate, engage and empower people to ensure the safe conduct of General Elections in a manner that reduces the risk of the transmission of COVID-19. The protocol is based on the following proven public health measures:

- Wear facial coverings/masks when physical distancing is not possible;
- Keep a distance of six (6) feet from others;
- Wash your hands with soap and water or use an alcohol based sanitizer;
- Cough into a tissue or into the crook of your elbow;
- Avoid touching your face and
- Clean then sanitize surfaces (e.g. table tops, door knobs and cell phones).

The Health Protocol for the conduct of General Elections in St. Vincent and the Grenadines during the COVID-19 Pandemic were developed with guidance from CARPHA, the Centers for Disease Control and Prevention (CDC) and the International Foundation for Electoral Systems.

The key source documents were derived from the following links:

- ii. [https://www.ifes.org/sites/default/files/elections\\_held\\_and\\_mitigating\\_measures\\_taken\\_during\\_covid-19.pdf](https://www.ifes.org/sites/default/files/elections_held_and_mitigating_measures_taken_during_covid-19.pdf)

## 2. Objective:

## 3. Legal and Policy Framework

a. Representation of the People Act, Cap 9 (Subsidiary Legislation) – House of Assembly Election Rules

14. Poll to be taken by ballot

(2) The poll shall commence at 7:00 a.m. and kept open until 5.00 p.m. and no longer.

N.B. ‘and no longer’ is fixed by a Regulation, and not by the Act, and can be amended if a decision is taken to extend the time for voting to allow an hour for quarantined/isolated persons to vote. (AG’s opinion)

b. Public Health Act 2020

c. The Public Health (Amendment) Act 2020:

Defines “Quarantine” – means the restriction of activities or separation from others of suspect persons who are not ill or of suspect baggage, containers, vessels or goods in such a manner as to prevent the possible spread of infection or contamination;

Section 27A. (1) Where a health officer is of the opinion, on reasonable and probable grounds, that –

- (a) A communicable disease exists or may exist or that there is an immediate risk of an outbreak of a communicable disease;
- (b) The communicable disease presents a public health risk; and

It is the responsibility of the Supervisor of Elections to inform the electorate of the requirements and to disseminate these guidelines to employees of the Electoral Office during the preparations for elections in St. Vincent and the Grenadines. Staff members of the electoral office (including poll-day staff, polling agents) must be trained, virtually, or in-person on the use of the following guidelines:
